Diversity and Inclusion Meaning and Benefits

Diversity and inclusion refers to acceptance and respect for the differences between people within its workforce. These differences can include work and cultural background, experience, education, age, gender, race, national origin, physical abilities, religious belief, sexual orientation, gender identity and other real and perceived differences.¹

MWPA recognises the benefits that having a diverse workforce can bring to its business. Diversity in the workforce results in greater organisational strength, greater innovation, deeper problem-solving ability and the generation of a wider range of new business opportunities.

Achieving Diversity and Inclusion in the Workplace

MWPA is committed to attracting and retaining a diverse range of talented people to work in all levels of its business, from entry positions to Board members. MWPA reports annually to the Public Sector Commission on Diversity and Inclusion metrics.
