

Biannual Hydrographic Survey Operations (Port of Geraldton)

Number: 06/ 2026

Date Issued: 13th March 2026

Date of effect:	14 th March 2026
Details:	Biannual Hydrographic Survey Operations (Port of Geraldton)
Former Notice:	Nil
Charts & Publications:	AUS 81
Attachments:	Nil

All Mariners and port users are advised that MWPA will be undertaking Hydrographic survey commencing from 14th March 2026 to 31st March 2026. The Hydrographic Survey operation will be carried out 24 hours a day.

All mariners and port users are hereby advised to exercise caution while navigating in the proximity of the indicated area (See chart). The survey vessel "Blackjack" and support vessel will be engaged in hydrographic survey operations in the indicated area (See photo).

All mariners and port users are requested to ensure "International Collision Regulations" will apply when interacting with survey vessels, and when navigating in the operational area during operation, they must maintain VHF channel 11 & 16 and always maintain a proper look out. If in any doubt, contact survey vessel skipper Donal Scholfield (0458645103).

Any questions or feedback regarding this Local Marine Notice should be addressed to the Mid-West Ports Authority Marine Team for further information.
