ADVISE TO MARINERS	

Mariners are advised that an increased siltation has been observed at the western extremity of the entrance to the Fishing Boat Harbour. A yellow spar buoy has been temporarily placed in location Lat- 28 46.3 S, Long- 114 35.6 E to mark the area.

The yellow spar buoy is fitted with a flashing light with characteristics Fl Y 4s.

Mariners in the vicinity of the area should proceed with caution.
